Diocese of San Jose
3/14-15 Bulletin Announcement

We know you are concerned about the spread of the Coronavirus, and we want to inform you of the steps the Diocese of San José, in partnership with our parishes and schools, is taking to keep our communities healthy.

The Diocese has created a webpage to share the various precautionary measures we are taking at our parishes and schools and to share official guidance and resources you can use to keep your families healthy at www.dsj.org/coronavirus.

In addition, Bishop Oscar Cantú has given special dispensation from the Sunday Mass obligation to all people who fall in the categories at high risk of severe complications from exposure to the Coronavirus. These categories would include persons over 50 years of age, those of any with health conditions including cardiovascular disease, diabetes, cancer, heart disease, or chronic lung diseases like COPD, as well as those with severely weakened immune systems." The sick and homebound are encouraged to view archived Sunday Mass recordings posted at www.dsj.org/vlog

The Diocese will continue to monitor developments and follow recommendations by our local and state health officials, the Centers for Disease Control, and the U.S. Conference of Catholic Bishops. The website will be updated with new information and additional resources as the situation develops.
